EDUCATION

Netaji Subhas University of Technology

Bachelor of Technology in Computer Science Engineering

July 2022 - Oct 2026

6.0 CGPA

WORK EXPERIENCE

Fullstack Developer , Unlock Discounts

19 July 2024 to 19 October 2024

- Managed backend services, creating APIs to fetch and categorize the latest products.
- Integrated frontend components with backend data, ensuring seamless user experience.
- Collaborated with team members to enhance application features and optimize performance.

PROJECTS

Resume Builder

[Demo](#) [Github](#)

- **Technologies:** Next.js, MongoDB, Cloudinary, Google Gemini AI
- Created an ATS-friendly resume builder that allows users to generate tailored resumes with a single click.
- Addressed the challenge of resume customization by providing smart suggestions based on job descriptions.
- Enabled users to upload custom images and deploy portfolios to enhance their professional presentation.

Personal Tracker

[Demo](#) [Github](#)

- **Technologies:** React Native, Node.js, Express.js, MongoDB
- Developed a mobile application that enables users to track finances and calorie intake in one secure place across multiple devices.
- Enhanced user engagement by implementing graphical data visualization for insightful tracking.
- Ensured robust security measures to protect user data and privacy..

Imaginify

[Demo](#) [Github](#)

- **Technologies:** Next.js, Cloudinary, Google Gemini AI
- Created an AI-powered image editing tool that provides features like generative fill, background removal, and image restoration.
- Streamlined user experience by allowing easy resizing and editing of images.
- Leveraged Cloudinary for efficient image management and storage.

SKILLS

- **Programming Languages:** JavaScript, TypeScript, Python, C++
- **Web Technologies:** Node.js, Express.js, React.js, Next.js, Flask
- **Databases & Cloud:** MongoDB, SQL, AWS, Cloudinary
- **Tools:** Docker, Git, GitHub, VSCode

CERTIFICATION

- Node JS
